Student Loans?

We can help with that!

By working in state government, you may be eligible to have the remaining balance of your Federal Direct Loans forgiven after 120 payments.

Here's what it takes:

- Work 30 hours per week or more as a full-time state employee
- Complete 120 qualifying monthly payments (they don't need to be consecutive!)
- Repay your loans under a qualifying repayment plan

Loans eligible for forgiveness must be issued after October 1, 2007, through the <u>Federal Direct Loan Program</u> of the U.S. Department of Education.
